To Our Neighbors & Friends

Wow! Spring already! This last year has really gone by fast, and with losing our dad, it makes us have a deeper appreciation of family, friends, and health.

We are excited to be having warmer weather and are looking forward to another great year. We hope that you will join us at our Open House as we look forward to seeing you, our customers. Come see our new products, enjoy food, and get new ideas for your outdoor living space. Be sure to check out our new tile deck display.

We pray God's blessings on you all!

Seasons of Change,

Most of us have a favorite season of the year. For some it's the spring warmth after the hard, cold winter. Others prefer the mild temperatures of fall after a busy, hot summer. Seasons of change even happen in our lives. Our childhood rolls into our teenage years, quickly becoming our adult years. Change happens in all areas of our lives, and offers us the opportunity to take a fresh look at things.

For instance, if the change you'd like is a backyard destination to spend more quality time with your family and friends, Raber Patio is here for it! We have the design team, function and product specialists, installers, service team, and back office support members to "Provide Exceptional Backyard Comfort with the Most Outstanding Service Experience!"

We offer pavilions and pergolas, decks and step systems, sunroom and screen rooms, and don't even get me started on all the furniture choices we have to maximize your back yard experience! We have an amazing selection that you need to see to believe. Raber Patio truly is your one-stop shop for your backyard destination.

Reach out to us today and let us help you slide into the Spring & Summer seasons with something your whole family will enjoy.

Ervin J Raber

Ervin J Raber, the founder of Raber Patio, passed away on September 24, 2022 after a brief fight with cancer. We miss him everyday and thank all our customers for your condolences. We want to continue his legacy and serve you with the same values on which he built Raber Patio. We would love to hear your memories and stories of Ervin.
